Join Us At the Embedded Vision Summit

The only industry event focused on practical computer vision and visual AI

- *95% of attendees would recommend the Summit to their colleagues building vision products.*
 - *“Fantastic. Learned a lot and met great people.”*
 - *“Wonderful speakers and informative exhibits!”*

During the Embedded Vision Summit 2020:

- Gain insights from **100+ expert speakers** covering technical, business and product talks
- **Connect directly** with speakers in follow up Q&A, Expert Bar and Over-the-Shoulder sessions
- Get hands-on, in-depth **technical training**
- See **live demos** of the latest building-block technologies and talk with supplier technical experts
- For attending the webinar, enjoy 15%-off by using code: **WEBINAREVS20-V** (before Sept. 9)
- Visit www.embeddedvisionsummit.com for more details
- For questions, email summit@edge-ai-vision.com

The Edge AI and Vision Alliance

The **Edge AI and Vision Alliance** is a partnership of 100+ leading technology and systems companies

We inspire and empower product developers to create better products using computer vision and edge AI

- For free educational resources, visit www.edge-ai-vision.com and sign up for our newsletter

We help companies find their best opportunities in this burgeoning industry

- For membership info, contact us: info@edge-ai-vision.com

Take-Aways

- Computer **vision**/visual AI deployment at the **edge** is accelerating rapidly
 - Fueled by deep learning and rapid improvements in processors, sensors, tools, platforms
- There are numerous huge opportunities to improve lives and industries, and build businesses
 - At the solution, platform and component levels
- There are many serious challenges:
 - Data
 - Overwhelming range of choice in components
 - Assembling robust solutions—not just trained DNNs
 - Avoiding reinventing the wheel
- We are entering a golden era of practical computer vision
 - Take advantage of it! Go out and make something!
